Chameleon®
Retractable Hose System

The Vacuum System that Changes with Your Every Cleaning Need

Vacuuming should be convenient, easy and even a little fun. With the Chameleon® Retractable Hose System, it can be all three!

Unlike traditional central vacuum systems, there is no bulky hose to carry around. Instead, the Chameleon hides the hose inside the vacuum tubing. Each hose covers up to 2,200 square feet of living space!

Chameleon is packed with features for a superior vacuum experience:

- Patented dual-seal system
- Built-in, 360° swivel hose handle
- Automatic lock and turn-off
- Reduced friction on the hose (works great with hose socks!)
- Instant hose extension—perfect for quick clean-ups
- Hoses available with and without socks
- Valve doors available in several colors to compliment any décor
- Backed by an industry-leading 5-Year Warranty

FIVE YEAR 5 WARRANTY

Convenient. Clean. Chameleon®.

Simple to Use

1. Pull the hose out and switch the system on.
2. Choose your cleaning attachment and start vacuuming.
3. When finished, twist the hose to release and the suction of the system retracts it back into place.

1. PULL

2. VACUUM

3. RETRACT

Accessories for All Your Cleaning Needs

Chameleon adapts to your every cleaning need with a wide variety of attachments. This includes air-driven and battery powerheads for carpets and rugs as well as bare floor brushes and dust mops for hard-surface flooring. Crevice tools, dusting brushes and upholstery tools are available, and there are even specialty tools to use for your car and garage!
